

Hello-I am a paying customer of XM Satellite Radio and I resent Representatives Charles "Chip" Pickering (R-MS) and Gene Green (D-TX) who co-sponsered bill HR 4026 in the House of Respresenatives. Satellite radio provides variety and quality that are not available elsewhere. I pay for this service. This bill is the National Association of Broadcasters (NAB) attempt to restrict satellite radio's services. HR 4026 is a bad bill. I respectfully urge you to reject the NAB's petition 04-160. Keep the Government out of XM radio. There are so many important issues our Government has on its plate today. This issue only serves the NAB, not the people who you serve.

Sincerely,

Jon Pickus

Let's keep it that way!
